

Downsideup Games releases retro modern platformer Super Chuckie Egg

Sunnyvale, Calif., March 20, 2018 – Downsideup Games, Inc. today announced the release of Super Chuckie Egg, follow-on to the hit game Chuckie Egg 2017 released last year.

Join Harry on a new adventure as he journeys through the four seasons of the year in this casual player friendly platform game. Collect eggs as you play and buy extra lives when you need them, or even have the game finish those difficult levels for you!

Play through at your own pace and complete levels in any order. Super Chuckie Egg tracks your progress and with the quick-play feature, it's easy to complete a level while on the go. Unlock the challenging Titled levels and show all your friends that you are a Master Egg Collector!

Vibrant cartoon art and catchy music are the hallmarks of the Chuckie Egg 2017 games and Super Chuckie Egg is no exception. Whether it's snowing in Winter, or the Autumn leaves are falling, Super Chuckie Egg is the perfect casual platformer.

Super Chuckie Egg is available now for Apple and Android based mobile devices.
